## "Stitches"

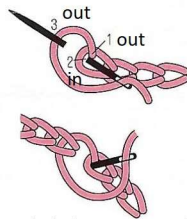

## ステッチ一覧

Outline S

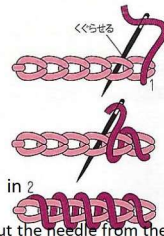

Stitch from left to right along the pattern.  
Repeat from 1 to 2 and half stitch back.  
2 and 5 will be the same hole.

Chain S

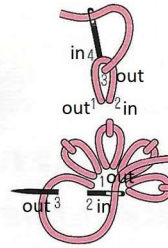

Stitch the loops in a row like a chain. Go out of 1 and go into 2, then put the thread on the needle and put it out in 3.

Whipped Chain S

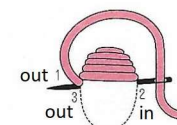

Pull out the needle from the edge of the chain stitch that was stitched first, pass it through, and wind the thread. No needles stick into the cloth except at beginning and end of the stitch.

Lazy Daisy S

Stitch thread too much.  
When stitching the corner, finish the stitch and start stitching from inside the ring again.

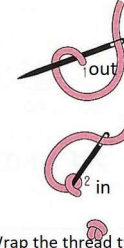

Satin S

If you want to stitch plumply

Stitch evenly so that the threads do not overlap along the lines of the pattern. When stitching round objects, stitch from the center to outside, and then stitch the rest.

French Knot S

Wrap the thread twice around the needle that came out of 1. Insert the needle perpendicular to 2 and tighten the thread before pulling out the needle.

## Design

Rape blossoms

Let's stitch with reference to the design and the cover image.

※ Designs of the same shape are stitched in the same way.

(Stitch the inverted pattern in the same way.)

〈S= Stitch〉○ is the number of threads. (Example: ②=2 strands)
