

How to attach an INAZUMA Original Zipper

Ex. Putting it on a pouch with lining

*Using sewing machine zipper foot is recommended

- 1 Finish the top fabric.

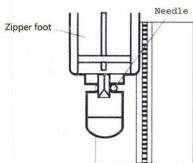

Put the right side of outer and lining fabrics together and sew the right side. Open seam and iron, then fold over wrong sides together,

- 2 There are two ways to install this zipper.

1. Lay the top fabric on top of the zipper fabric with a wide margin from the center of the zipper.
2. Position the top fabric underneath the zipper fabric (on the wrong side) and sew 5mm from the center of the zipper.

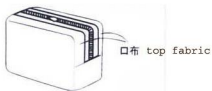

- 3 Secure the zipper using sewing pins, then with the matching colored thread as the zipper fabric, sew the zipper to the fabric.

- 4 Sew the body of the pouch and assemble everything together.

*Zipper without zipper pull (zipper charms sold separately)
Please refer to "how to attach zipper charm" for instruction

How to change the length of the zipper

- 1 Awl (Use to hold down the bottom stop)
- 2 Leave about 1.5cm from the bottom stop and cut with scissors.

- 1 Insert the supplied metal zipper bottom stop at the desired length from the wrong side of zipper. Lay the zipper flat on the right side, firmly hold between the bottom stop, and fold down with a plier.

- 2 Leave about 1.5cm from the bottom stop and cut with scissors.

How to attach zipper charm
