Apron 13 in x 27.5 in, String length 42.5 in x2pcs

This kit includes : Olympus printed sashiko fabric, Sashiko thread, instruction

Things required : Sewing threads, Sewing needle, Ruler, Scissors, Iron

There are two kinds of making instruction,

Bag and Apron, are available for this kit.

Choose either of them.

## ◆Bag in small scale◆

Panel where you do sashiko stitching

As for the rest of panels, do not stitch in them and wash out lines, after finishing.

## ◆How to make a bag◆

1. Cut the panels, referring to the above layout and stitch in the designated panels as the above.

2. Make handles.

3. Stitch panels together.

① Stitch the side seam of four panels of the top fabric.

② Stitch ① and the bottom to make an outer bag.

③ Like the same way as ②, make an inner bag.

④ Put the right side of ② and ③ together, put the handles in between and stitch them together, leaving 5 1/8 in of the opening. Turn and stitch the opening.

## ◆Apron in small scale◆

Panel where you do sashiko stitching

As for the rest of panels, do not stitch in them and wash out lines, after finishing.

## ◆How to make an apron◆

1. Cut the panels, referring to the above layout and stitch in the designated panels as the above.

2. Stitch the strings together.

3. Make a pocket.

② Fold the string in half and put ① in between and baste it.

4. Finish the apron.

① Stitch the pocket to the main panel. Fold the side twice and stitch here.

③ Stitch here.

Fold 3/16 in of the seam allowance inside and stitch the edge of the string.
